

HSBC Innovation Banking

Igniting the bold ideas that reshape our world

As a committed, long-term partner to the innovation economy, we offer more than commercial banking services. We have the expertise, agility and connections that high-growth technology and life sciences, private equity, and venture capital businesses need to accelerate growth.

Built for innovators

Supporting across all life-stages

Partnering at all life-stages from Seed and Venture to Growth, listed companies and Private Equity.

Ecosystem connections

Established relationships enable us to connect clients to new opportunities.

Dedicated client service team

Clients can access a dedicated Relationship Team whenever needed to develop flexible, customised solutions.

VC & CVC network

Active partner to VCs and CVCs looking to find opportunities in the technology sector.
